In an effort to promote economic diversity within the school population, Friends School offers a tuition scale based on adjusted gross income per family. Due to budget constraints on tier discounts, there are limits on the number of families permitted in each tier. Because of this, families who qualify for a tier discount may not be guaranteed to receive the exact tier that they qualify for. Families who apply for a tier must submit a Tuition Tier Request Form and supporting documents (form may be found on the Friends School Website under Admissions, Tuition & Financial Aid).

For the 2018-2019 school year, Friends utilizes the 2016 Federal Income Tax return(s) filed by the family and any other contributors in making the tier determination. Supplemental financial aid assistance is also available on a limited basis. All persons seeking additional financial aid must complete a financial aid application with FAST online beginning January 12, 2018 (a link to FAST is on the Friends Website under Admissions, Tuition & Financial Aid). A \$43 application fee will be assessed by FAST.

After a student is admitted, final tuition is determined by placement within available tiers on the tuition scale and then applying any adjustments or additional financial aid if applicable. A non-refundable deposit equal to 10% of the tuition is paid at the time an enrollment contract is signed.

Friends School charges activity fees for grades 3 through 8 to cover the cost of group travel for those classes.

Costs for AfterCare, Enrichment Classes, and hot lunch are in addition to tuition and above fees.
