The purpose of Friends School's Tier Discount Program is to promote a diverse student body population. For that reason, Tier Discounts may not be granted to a family who has a primary payer outside of its main household(s). We enforce this rule to ensure that our resources for this program are granted to those families who could not otherwise attend Friends' School without this support. If tuition for your child/children is being paid by a grandparent or another party, this may disqualify you from participating in the Tier Discount Program.
