If less than 50% of your AGI is attributable to W2 income, you may not be eligible for a Tuition Tier Discount. Friends School may request additional financial documents to support other income reported on your tax return including but not limited to, interest, dividends, capital gains/losses or business income/loss.

The purpose of Friends School's Tier Discount Program is to promote a diverse student body population. For that reason, if tuition for your child/children is being paid by a primary payer outside of the main household(s) (e.g. grandparent, other party), this may disqualify you from participating in the Tier Discount Program. We enforce this rule to ensure that our resources for this program are granted to those families who could not otherwise attend Friends School without this support.
